WOMAN IN BLACK IS IDENTIFIED

Person who has been Alarming People of Town for Several Nights is Found to be Harmless Domestic in North End Home.

The identity of the much talked about "woman in black" has been solved. She is a harmless domestic in a North End home and is said by those who know her to be somewhat mentally deficient.

She recently worked at several Gettysburg hotels and is said to have become infatuated with one of the employees, in search of whom she now wanders about at night.

Her chief evening occupation seems to be wandering about through all parts of town but she makes North and South Washington streets the most frequent scenes of her visits. Her dark attire and the black veil with which she shielded her face caused her to be greatly feared by women and children who saw her and a general feeling of alarm has been felt in town for the past few days.

Many women and children have refused to leave their homes after dark and each new rumor made their fears more intense. Not only were the female members of various families alarmed but many men are reported to have remarked that they would not care to meet her alone in the dark.

The woman who was seen on Lincoln avenue Tuesday evening and the one who was chased out South Washington street were one and the same. She was seen again Wednesday night by parties who discovered her identity.

PRETZ--TAWNEY

At 7:30 Wednesday morning Dr. George Rupp Pretz, of Lebanon, and Miss Caroline May Tawney, of Gettysburg, were united in marriage at the home of Rev. Norman S. Wolf in Shrewsbury, by Rev. Mr. Wolf, brother-in-law of the bride. During the day Dr. and Mrs. Pretz left on a wedding trip to Philadelphia and points in New Jersey. They will reside in Lebanon upon their return.

The bride is the oldest daughter of Mr. and Mrs. J. A. Tawney of West Middle street, and has a large circle of friends in Gettysburg. Dr. Pretz is well-known here having attended college for four years and being a frequent visitor to town. The Times unites with their many friends in extending best wishes.

GOOD SHOW

The large audience which attended the Walter Theatre Wednesday evening was more than pleased with Lyman H. Howe's life pictures. Each subject was of the best and with the accompanying accessories made the views as realistic as possible. The films covered many different subjects from the sublime to the ridiculous and all were heartily enjoyed. Among the most notable were: the Railway Trip through the Gorge Du Var, France; Battle Ships in Action; the Ice Palace and Winter Carnival, Montreal.

MEXICAN JOE HURT

While "Mexican Joe" was executing his slide for life at the Hanover theatre the large audience was startled by an accident which happily did not result in serious injury. "Mexican Joe" had just started his descent on the cable, when the steel cord was accidentally pulled from a clamp, and the performer fell with it a distance of about ten feet into the aisle. He received a bruise on his forehead and other bruises on his body, besides a painful wrench to his left leg. The act was omitted for the balance of the evening.

TEACHERS HEAR INSTRUCTORS

Adams County Teachers Listen to Able Addresses by Institute Instructors. Evening Entertainments Enjoyed.

Wednesday afternoon at Teachers' Institute the first address was made by Deputy Superintendent Teitrick who had as his subject "Effective Teaching." Mr. Teitrick spoke of the necessity of the teacher having high ideals and told of the manner in which many school children look up to their teacher as an example to be followed.

The second address of the afternoon was made by Dr. C. C. Miller whose subject was "The World's Greatest Pictures." Dr. Miller named and described a number of these and also exhibited many reproductions. He advised the display of good pictures in the school rooms and called attention to the fact that reproductions of some of the finest pictures could be procured for a cent each.

Superintendent Coughlin closed the afternoon period with a thoughtful discussion on "Habit in Education." He made a point of the teacher studying the various pupils and adapting his teaching to them. Teach the pupil, not the lesson. The talk showed especially careful preparation.

Wednesday evening the Commonwealth Male Quartet entertained the teachers. They presented a varied program, and were heartily applauded after every number.

THURSDAY

At this morning's session Rev. D. W. Woods pastor of the Presbyterian church conducted the devotional exercises.

Superintendent Coughlin occupied the first period with an address on "School Discipline." Among other points brought out were the importance of meeting difficulties before they arise, of never giving an order unless it is expected to be obeyed, and of doing away with petty punishments. He recommended that open rebellion be treated with strong arm and that the teacher should set a good example.

Deputy Superintendent Teitrick followed on "The Mechanics of Good Teaching." Mr. Teitrick brought out the necessity of getting the child to start right. He said that a scholar should divide his lessons into small details and follow out each detail. The difficult parts should be mastered with care.

Dr. C. C. Miller closed the morning session with an interesting talk on "The Greatness of London."

LIVELY TIMES ON LAST DAY

Hunters Heard Five Bucks were seen and at Once Hurried to the Mountains. State Troopers Sleep near Doe's Carcass.

News brought down from the mountains shows that there were some lively times on the last day of the deer hunting season. Caledonia fairly swarmed with men carrying guns. The report that five deer had been seen brought the hunters, but the deer escaped harm, and will have fifty weeks of safe living.

They are telling a story in the mountains, which may be founded on fact or may be the result of the attitude of the hunters towards the State troopers, who are patrolling the Mont Alto preserve. According to the tale two of the troopers found a slain doe, which had been hung up on a tree. The police decided that the slayer would come for his illegally got prey during the night, and therefore determined to watch the spot.

The story ends with the troopers awakening in the morning to find the deer gone, having slept while the hunter stole away his doe.

For a deer tale the story sounds a little fishy, as the troopers are not wont to go asleep on the job.

CRUSHED BY HORSE

New York Clubman's Injuries May Prove Fatal.

White Plains, N. Y., Dec. 2.—Fletcher Harper, prominent clubman and a member of the Harper family, of New York, was seriously injured during the weekly run after the hounds of the Westchester Hunt club of White Plains.

Mr. Harper, who is an expert cross-country rider, was at the head of a field of seven hunters when his horse stumbled while taking a timber fence. The animal, which was a champion high jumping thoroughbred, turned a complete somersault and landed on top of his rider, crushing many of his bones. It is said that Mr. Harper stuck to his mount, and that if he had jumped he would probably have escaped injury.

Mr. Harper when picked up was unconscious. Many of his ribs were broken and he also suffered internal injuries. It is feared he cannot recover.

STRIKE AFFECTS ALL INDUSTRIES

12,000 Men Are Already Idle in Northwest.

St. Paul, Minn., Dec. 2.—Every line of industry in the Twin Cities, Duluth and Superior, and all cities of the northwest dependent on the movement of supplies, is seriously affected by the strike of the railroad switchmen, when 2207 men quit work.

It is estimated that upwards of 12,000 men are idle on account of the strike order, thousands of freight handlers and teamsters are losing time by reason of the freight blockade in the terminal towns, while a continuation of the strike for several days will throw additional thousands out of employment.

The railroad yards are filled with stalled freight trains and an attempt to move a few by the aid of the office men drafted at switchmen is making no impression.

The railroad managers' committee announced that they were bringing to St. Paul new switchmen to take the places of the strikers.

To this President Hawley, of the Switchmen's Union of North America, said: "All right, let them come; we will not object."

Business men generally are beginning to feel the result of the strike. The first to be affected were the wholesale grocers and commission houses. Wholesale grocers report that nothing is moving. Commission houses are doing nothing, and their customers in the small towns who get their supplies from day to day will soon be unable to serve fresh vegetables and fruit.

LOEB SEIZES \$25,000 NECKLACE OF PEARLS

Famous Chesbrough Jewels Taken by Customs House.

New York, Dec. 2.—The Chesbrough pearl necklace, the journey of which had been placed in the hands of the collector of customs, was seized by Collector Loeb, who appraised it at \$25,000. The owner is Mrs. Fremont B. Chesbrough, wife of a millionaire lumberman of Boston.

Two customs inspectors here swear they found a bill of sale for the pearls last May in the false bottom of one of Mrs. Chesbrough's trunks, but the pearls were missing.

Collector Loeb says he insisted upon possession, but was given what proved to be an imitation. He continued to press the government's claim, and on July 25 obtained the original. He has held them since then, pending proof that they had never been in this country. Such proof has not been forthcoming, according to Mr. Loeb, and Wednesday the necklace was seized as a preliminary to action against Mrs. Chesbrough.

WOMAN CHARGED WITH MURDER

Not Surprised When Accused of Bathroom Crime.

IS HEIR OF THE VICTIM

Detectives Search the House and Discover Human Bones and Hair in Stove—Floors Covered With Bloodstains—Searching For Two Other Women.

New York, Dec. 2.—Hardly had Chief of Police Bell, of East Orange, ordered that a formal charge of murder be made against Miss Virginia Wardlaw, who was arrested after she had told a strange story of the suicide of Mrs. O. W. N. Snead, of Flatbush, Brooklyn, in a vacant house in East Orange, when detectives from Brooklyn telephoned that they had discovered bloodstains, an infant's skull and quantities of human hair in the Flatbush house, where Miss Wardlaw, Mrs. Snead and two mysterious women lived until two weeks ago. Mrs. Snead's body was found in the bathtub.

This house, which has been known as "The House of Mystery," was visited by Detectives Barnett, Henne, Corr and Ellwood—all of Brooklyn headquarters.

Hardly had the detectives entered the house before they began making discoveries. On the ground floor in the parlor were red spots on the floor. These spots the detectives agreed were blood. There were also spots of the same kind on the floors of the three adjoining rooms and on the floor of the kitchen.

Bones and Hair In Stove.

In a corner of the kitchen stood a small stove. Barnett began searching the stove, and he drew out two bundles of human hair. One was blonde in color and the other was reddish.

Further down in the stove Barnett found four human bones. One appeared to be the thighbone of a small child. The bones were badly burned, and evidently efforts had been made to destroy them.

Next the detective brought forth the skull of a child probably two years old.

"There has been at least one, and possibly two murders committed in this house," ventured Barnett.

On the upper floors the detectives found more traces of crime. All four of the upper rooms bore blood spots. The detectives calculated that these spots could not have been made unless at least two quarts of blood had been splattered about.

Miss Wardlaw, who has baffled the police to get at any of her own or Mrs. Snead's secrets since her arrest, was sleeping peacefully in her cell when Chief Bell aroused her and informed her that she was charged with murdering her niece. If Chief Bell expected the prisoner to evince fright or anxiety at the charge he was mistaken. The woman gave him a glance and turned away indifferently.

Police investigation already has shown that Mrs. Snead owned considerable property, and that her life was insured for \$20,000 with the Acme Insurance company. The police have also learned that the three strange old women who made their home with Mrs. Snead in the Flatbush house were particularly anxious about property she owned.

A will left by Mrs. Snead gives all her property and insurance to Miss Wardlaw—this in spite of the fact that she has a child in a Brooklyn institution and a husband, who disappeared last summer and recently reappeared.

CAVE-IN OVER MINE

Tree and Coal Shed Vanish Into Ground.

Wilkes-Barre, Pa., Dec. 2.—A novel cave-in over old mine workings occurred at Luzerne, near here, when the front yard, an apple tree over twenty feet high, a coal shed and several tons of coal in front of the residence of N. C. Honeywell entirely disappeared, not even the topmost branches of the tree being visible. At the same time two walls of the cellar crumbled away and the house was shaken throughout. Persons were in the house at the time, but managed to get out safely, and the building was abandoned. It is feared that the cave-in will spread to adjoining properties and do much damage.

No Bodies Found In Cellar.

Wilkes-Barre, Pa., Dec. 2.—Troopers of the state constabulary who directed a force of laborers have yet failed to find any bodies of Black Hand gang victims in the cellars of houses some time ago occupied by Black Hand men at Berwick, near here. The digging of the rear cellar at the house believed to have been the chief headquarters was completed, but nothing was found, and work was then started in the large main cellar. The troopers believe that they will find nothing there.

FOUGHT PISTOL DUEL AT CHURCH DOOR

Man Was Fatally Injured, But Services Went On.

Nashville, Ind., Dec. 2.—Emmit Helmsburg, aged twenty-four years, and Samson Axom, aged twenty-seven, engaged in a pistol battle. When the smoke of battle cleared away Axom was found lying face downward with a bullet in his breast. He was hurriedly carried to a nearby farmhouse, where physicians were summoned. An examination revealed that a bullet had entered the left lung and that he could not recover. A dispute as to who had jumped the furthest led to the tragedy.

The shooting took place in front of Rev. Mr. Skinner's church during services. The preacher told his hearers to keep their seats and after he was advised that Axom had been shot he said that the affair would not interfere with the services in the least, and that if a dozen men were killed on the outside he would not stop the services.

Free Sample For Baby's Ills

Something can and must be done for the puny, crying baby, for the child that refuses to eat and is restless in its sleep. And since the basis of all health is the proper working of the digestive organs, look first to the condition of the stomach and bowels.

A child should have two full and free movements of the bowels a day. This emptying of the bowels is very important, as with it comes a clear head, a lightness of step, good appetite and sound sleep. But it is equally important to know what to give the child in the emergency of constipation and indigestion. Cathartics are too strong and salts and other purgatives are not only too strong, but the child refuses them because of their bad taste. Have you ever tried Dr. Caldwell's Syrup Pepsin? It is a liquid tonic that families have been using for a quarter of a century. It is mild, pleasant-tasting and promptly effective. It is good for you as well as the child, for there is nothing better to be found for children. They like its taste—you will not have to force them to take it.

First of all, if you have not yet used it, Dr. Caldwell would like to send you a sample bottle free of charge. In this way you can try it before buying. Later, when convinced of its merits, you can get it of your druggist at fifty cents and one dollar a bottle, just as thousands of other families are doing. The family of Mr. D. W. Spangler of Strattonville, Pa., as well as that of Mr. A. F. Johnson of Walnut Grove, Tenn., started with it that way and now write that it is their one family necessity next to food itself. If you are unfortunate enough to have a sickly child, one given to constipation and indigestion, you should send for a free sample of this.

Dr. Caldwell personally will be pleased to give you any medical advice you may desire for yourself or family pertaining to the stomach, liver or bowels absolutely free of charge. Explain your case in a letter and he will reply to you in detail. For the free sample simply send your name and address on a postal card or otherwise. For either request the doctor's address is Dr. W. B. Caldwell, R. 521 Caldwell building, Monticello, Ill.

CUTS RELATIONS WITH NICARAGUA

Secretary Knox Sends Passports to Exile L. Affairs.

WAR CLOUDS GATHERING

Will Place Responsibility For Torture of Cannon and Groce Before Their Execution—Virtually Recognizes Insurgents.

Washington, Dec. 2.—Diplomatic relations between the United States and Nicaragua were severed by this government. The charge d'affaires of Nicaragua was handed his passports. This action does not mean the initiation of hostilities, but is the usual preliminary to that condition. The blow was softened, however, by a suggestion to the representative of Nicaragua that he might remain in Washington, where he would be received unofficially by the state department.

Incidentally the insurgent government was recognized virtually. The failed action of the United States was the direct outcome of the execution of the American citizens, Leroy Cannon and Leonard Groce, by

PHILANDER C. KNOX.

order of President Zelaya, of Nicaragua. In severing relations with Zelaya's government, Secretary of State Knox took the first step toward punishing Zelaya for the Cannon and Groce execution and repeated violations of the conventions of the Central American peace conference which was fostered by the United States and Mexico.

Mr. Knox's action took the form of a diplomatic note to Senor Felipe Rodriguez, Nicaragua's charge d'affaires. It was sent after a long conference between President Taft and Mr. Knox. In that communication Mr. Knox reprimanded the administration of President Zelaya, and hinted that the persons responsible for the maltreatment of the two Americans before their execution would be held personally responsible for their actions.

Mr. Knox broke off all further diplomatic communication with Nicaragua by forwarding passports to Senor Rodriguez. This action of the state department caused no surprise in diplomatic circles. It has been understood generally that such action would be taken when the department completed its investigation into the deaths of the two men.

BEAR CHASES CHILDREN

Bold Bruin Makes Frequent Visits to Altoona Suburb.

Altoona, Pa., Dec. 2.—For several days past a bear has been terrorizing the residents of Pleasant Valley, a suburb. The brute has been seen a number of times, but always managed to elude his pursuers. One night he entered the pig pen of Benjamin Detrick and killed and ate two shoats that Detrick was fattening for Christmas.

Wednesday he came boldly out of the woods while the school children were on their way home and chased several of them into their homes. A posse of citizens has been looking for bruin ever since.

CORPORATION TAX TO NET \$15,000,000

Internal Revenue Report Sets That Figure For 1919.

Washington, Dec. 2.—The commissioner of internal revenue estimates that the receipts from corporations in 1919 on account of the corporation tax will amount to \$15,000,000, and for 1921 will be \$10,000,000 greater. These estimates appear in the annual report of Commissioner Royal E. Cabell.

The commissioner makes very little comment on the corporation tax. Detailed information concerning the mode of imposing and collecting this tax, together with the forms and instructions, will be given out within a week, and the commissioner decided to refrain from discussing the subject at length, pending the appearance of this information.

The other features of the report relate to the routine affairs of the department for the fiscal year ended on June 30 last. One of the more interesting disclosures of the report is that the receipts of the bureau for the last fiscal year were \$5,453,239 below those of the preceding year.

The largest sources of internal revenue receipts, as usual, were distilled spirits, fermented liquors and tobacco.

Illinois was the largest producer of internal revenue taxes of any of the states, yielding the total of \$43,441,771, or nearly one-fifth of all the revenues from this source collected in the United States. The other states in the order of revenues yielded were: New York, \$28,637,349; Kentucky, \$28,139,420; Indiana, \$25,224,816; Pennsylvania, \$20,886,066; Ohio, \$18,907,081.

EXPLOSION WRECKS TOWN

Nitro-Glycerine Blows Up, Killing One Man and Damaging Property.

Washington, Pa., Dec. 2.—One man was killed, a score injured, and the town of Cameron, W. Va., twenty-five miles southwest of here, was almost destroyed when a magazine containing several hundred quarts of nitro-glycerine exploded.

The dead man is Anthony Shuster, an oil well shooter. He was blown to shreds. The injured comprise residents of Cameron who were caught in the debris of falling houses, many of them being in their beds when the explosion occurred.

Shuster drove to the magazine to get the explosive preparatory to shooting a well. It is impossible to ascertain what caused the explosion. However, it is supposed he dropped a can of the fluid while carrying it to his wagon. The noise was heard with distinctness here. Houses rocked, as if by an earthquake.

The front axle of Shuster's wagon was hurled through the side of a dwelling house a quarter of a mile from the scene of the explosion. It fell across the foot of a cradle occupied by a year-old baby, without injuring the child.

BIDS OPENED FOR THE BIG FIGHT

Offers For Jeffries-Johnson Battle Largest Ever Made.

MAY NET THEM \$200,000

Four of the Five Bids Received Were For \$100,000 Up to \$125,000 With Division of Privileges—Principals Ask Time to Consider Them.

New York, Dec. 2.—Judging from the bids offered for the Jeffries-Johnson fight, the pugilists may battle for a purse and picture privileges netting more than \$200,000. Bids were opened at a Hoboken hotel, but the fighters and their representatives asked for time to consider the various offers. Jeffries did not attend the conference, but he was represented by Sam Berger, while Johnson, when it came to looking out for his own interests, needed no assistance from his manager, George Little.

Five bids were received. They came from T. J. McCarey, of Los Angeles; Edward Graneys, of San Francisco; Hugh D. McIntosh, of Sydney, Australia; Jack Gleason, and J. W. Corroth, of Frisco, coupled, and Tex Rickard, of Ely, Nevada, and Jack Gleason, coupled, also. It was roughly estimated by a well known theatrical manager, that if Jeffries wins the pictures of the mill may produce \$200,000 in profits.

Rickard announced that Gleason was in with him on the offer which Stakeholder Bob Murphy read. These co-promoters stated in writing that they were ready to pull off the fight on July 4, 1920, in Utah, Nevada or California, for a purse of \$101,000, of which \$20,000 was posted, and 100 per cent of the moving pictures, providing Jeffries and Johnson would agree to pay them 33 1-3 per cent of the profits of said pictures. Rickard stated, that in addition to the \$20,000 he posted, he was ready to post \$30,000 sixty days before the fight, and the remaining \$50,000 forty-eight hours before the men entered the ring.

Offers \$125,000.

The Gleason-Corroth bid contained three separate propositions and was accompanied by a \$5000 draft. The first proposition was the flat offer of \$125,000 for the fight, all "privileges" to be retained by Gleason and Corroth, \$30,000 to be posted at once if his offer was accepted. The second proposition was an offer of a \$75,000 purse and 66 2-3 per cent of the moving picture privileges, \$20,000 to be posted on acceptance, while the third was an offer of 80 per cent of the gross receipts and 66 2-3 per cent of the pictures, with \$10,000 to be posted on acceptance.

T. J. McCarey, of the Pacific A. C., Los Angeles, first posting a \$5000 draft, filed a bid containing two offers. The first was an offer of 100 per cent of the gross gate receipts and 50 per cent of the moving picture privileges, while the second was an offer of \$110,000 purse and 50 per cent of the pictures, the club to have full charge of the pictures and give a bond to the principals.

Ed Graneys' offer was backed by a certified check for \$5000, and was to the effect that the Tuxedo club, of San Francisco, made three propositions: First, 80 per cent of the gross receipts, with a guarantee of \$75,000 and the entire picture privileges to go to the pugilists; second, 80 per cent of the gross receipts, with a \$70,000 guarantee, and \$20,000 for one-third of the pictures; third, 90 per cent of the gross receipts and entire picture privileges with no guarantee.

EIGHT ADMIRALS RELIEVED

Eight Navy Officials Escape Physical Test by Meyer's Order.

Washington, Dec. 2.—Eight rear admirals, including Rear Admiral Wainwright, the new aid for operations, have been relieved by Secretary Meyer from the physical test requirements. It is explained that these officers are all extra numbers, and their retirement would benefit no one, as no promotion would follow.

There are about 300 officers who must meet the test during the present month. Secretary Meyer says that any of them refusing the test or failing to accomplish it will be retired. So far no officer has failed in the test.

A Few Facts About LIVER TROUBLE.

A dull, sluggish liver always brings a dull, sluggish feeling to the entire body. When the liver works properly the blood courses through the body in a bright red stream. When the liver is inactive the blood becomes dull and muddy, and it is full of poisonous matter. A great many people try to get a fine, clear, pink and white complexion by rubbing things on their faces. They might rub a lifetime and the same yellow complexion would remain—for the liver causes it. Only bright, red blood brings fine complexions. Blood loaded with impurities from the liver sends the impurities out through the pores of the skin and turns the skin a brownish yellow.

To get rid of the dull, heavy feeling and muddy, yellow complexion get the liver to working again. Two 50c bottles of BLOODINE will do it nine times out of ten. If you are troubled with Constipation and Straining use BLOODINE LIVER PILLS with the BLOODINE.

Terrible Indigestion

People's Drug Store has a Remedy That They Guarantee to Promptly Relieve All Stomach Distress.

People go on suffering from little stomach troubles for years and imagine they have a serious disease.

They over eat or over drink and force on the stomach a lot of extra work.

But they never think that the stomach needs extra help to do extra work.

If these people would take a Mi-o-na tablet with or after meals it would be a great big help to the stomach in its strain of overwork.

No matter what you eat or drink Mi-o-na tablets will sweeten your sour stomach and stop gas belching in 5 minutes. The heaviness disappears and the stomach is greatly aided in its work of digestion.

And Mi-o-na not only promptly relieves all distress but if taken regularly will absolutely cure indigestion by building up the flabby overworked walls of the stomach and making them strong enough to digest the most hearty meal.

People's Drug Store sells and guarantees Mi-o-na. The price is 50 cents a large box. Leading druggists everywhere sell Mi-o-na. Test sample free from Booth's Mi-o-na, Buffalo, N. Y.

The Weary Way

Daily Becoming Less Wearisome to Many in Gettysburg.

With a back that aches all day,
With rest disturbed at night,
Annoying urinary disorders,
'Tis a weary way, indeed.

Doan's Kidney Pills drive weariness away.

Are endorsed by Gettysburg citizens.

Mrs. James Bumbaugh, 126 E. Middle St., Gettysburg, Pa., says: "I was feeling quite miserable when I began using Doan's Kidney Pills. In the morning I was so stiff and lame that I was unable to arise from my bed. My back was constantly racked with pain and I was also troubled by the irregular passages of the kidney secretions. My condition was growing serious when I procured a box of Doan's Kidney Pills at the People's drug store. Since using them I am much stronger and better in every way. I feel very grateful for the benefits I derived from the use of Doan's Kidney Pills."

Hay Fever CURED.

Victims of This Malady Find Relief in a Brand New Form of Treatment.

NEW YORK.—A large number of hay fever cases were cured last season by the Senpine treatment and already at the commencement of the season, thousands of sufferers are seeking various methods of relief. The older methods have nearly all been abandoned and now the new Vienna Senpine treatment seems to be accomplishing wonderful results.

The Woodworth Co., 1161 Broadway, New York City have generously offered to send a free trial of Senpine a cure for Hay Fever, Asthma and Catarrh, to all who write them. This free offer will convince many skeptics who still insist that the only preventive of this malady is a change of climate.

Sold His Farm

Minnesota Man Makes Sale Without Aid of Real Estate Agent and Did Not Pay One Cent Commission.

Mr. H. St. John of Cass County, Minn., says: "I sold my farm to a man in Iowa at my own price, and what is more to the point, I didn't have to pay a cent commission to anyone."

"I had given up all hope of ever selling when I happened across the advertisement of Leonard Darbyshire, Incorporated, Rochester, N. Y., and this concern, by a new system of bringing buyer and seller together, sold my farm."

Mr. St. John's success in selling his farm was due to reading a booklet issued by Leonard Darbyshire, Inc., of Rochester, N. Y. This booklet tells of a new and successful method of finding buyers for farms and real estate, business properties and patents. The Corporation issuing this book are not real estate agents and do not accept a penny in commission on sales made by their assistance. Their plan of cutting out the real estate agents has met with remarkable success, and owners throughout the country are availing themselves of this opportunity to sell quickly places which for a long time remained in the hands of real estate agents, who failed to sell, for the reason that the commission which the agent had placed upon the property had killed the sale.

It is said that Mr. Leonard Darbyshire, the president of the concern, is doing more to assist property owners to sell than all the real estate agents in America combined, and anyone wishing to dispose of anything anywhere at any price, would do well to write to Leonard Darbyshire, President, Dept. 195 Rochester, N. Y., giving a brief description of the property for sale, and asking him to send a free copy of his booklet explaining his new method of selling.
